

Blue Ridge Landfill Supports Teacher Appreciation in Fort Bend ISD

June 7, 2019

FRESNO, TX (June 7, 2019) – In celebration of Teacher Appreciation Week in May, Blue Ridge Landfill visited two Fort Bend ISD schools. Our team sponsored the Willowridge High School teacher appreciation luncheon, and, with the help of Second Baptist Pearland and Friends of the Ridge, distributed boxed lunches to 150 teachers. We also visited the high school's sister school, Blue Ridge Elementary, to hand out goodie bags to 65 teachers.

During these visits, we had an opportunity to show our support and gratitude for educators while providing information about our STEM-based presentations and tours, as well as the important role landfills play within a community.

We look forward to our continued partnerships with Willowridge High School and Blue Ridge Elementary. And, we wish all teachers, administrators, students, and parents a safe and happy summer!
